A few things to be aware of:

- If your pet is found to be in heat or pregnant there will be an additional charge of **\$25.00** added to your total cost.
- If your pet is found to have fleas, a Capstar pill will be given to kill existing fleas at an additional charge of **\$6.50-7.00**.

Post-Operative pain relief medication aids in healing and inflammation, therefore the following medications have been recommended:

A pain relief injection will be given at the time of surgery, to relieve pain for 24 hours. Also, an oral or transdermal medication will be dispensed for pain relief starting the day after surgery. Estimated total: **\$30**

While your pet is under anesthesia it is an opportune time for us to administer an identification chip with Home Again. This fee includes the first year activation and registration fee.

Microchip Identification: **\$55.00** Accept Decline
